APPOINTMENT PACKAGE FOR K-1 and K-2 VISA APPLICANTS - (PACKET FOUR)

We have scheduled you for an interview at our office. All members of your family immigrating with you, irrespective of age, must appear in person with you for the interview. Each person immigrating, irrespective of age, requires a separate visa. If you cannot keep your visa appointment, please notify our office immediately. Prepare for your interview by taking the following steps:

STEP ONE

Organize each applicant's documents in the following order: ☐ APPOINTMENT LETTER: attached. ☐ APPLICATION FORMS: attached. (i) Two fully completed forms DS-156 for each applicant. (ii) One form DS-156K for each K-1 visa applicant. (iii) One form DS-230, part I, for each applicant. Please complete form DS-156K BUT DO NOT SIGN the statement. You will be asked to sign this statement at our office in the presence of a consular officer. Note: When completing the forms please include all names used by each applicant, including any names used in the past. In particular, divorced women must be sure to include their full name as used before marriage, after marriage, and any other aliases. Please use the exact spelling and name order indicated in the applicant's passport. Please attach one photograph (two inches by two inches, full-face, taken against a white or off-white background, showing the entire, uncovered head) to the lower right-hand corner of each form DS-156. ☐ MEDICAL REPORT: see attached information. All applicants, regardless of age, must undergo a medical examination. The applicants should contact the panel facility DIRECTLY to make an appointment for the examination. IMPORTANT: The results of the medical examination will be of great help during the applicant's stay in the United States. To help the panel physician make as thorough a report as possible applicants should discuss their medical history and current conditions, such as pregnancy, diabetes, hypertension, any other conditions as well as medications taken, with the panel physician. We strongly suggest that applicants take all their old medical records with them for the medical examination. ☐ PASSPORT: Each applicant must have a valid passport. The passport must be valid for travel to the United States and must have at least six months validity beyond the issuance date of the visa. The passport should reflect the correct name and date of birth of the applicant. If the applicant's exact date of birth is known, an estimated date of birth (e.g. 01-Jun-1970) is not acceptable. The visa is issued in the name given in the applicant's passport. A female applicant does not compulsorily have to change her name to her married name. Those applicants whose passports are issued in their maiden names will have their visas issued in their maiden names. Applicants should bring all current and former/expired passports with them to the consulate for their interview.

STEP THREE

Attend your interview at the date and time indicated on your appointment letter.

- We recommend that visa applicants come to our office no earlier than 15 minutes ahead of their visa interviews as the road outside our office gets crowded. Applicants should be aware that they may be required to spend several hours in our facility in order to complete their processing. Only applicants are allowed to enter the waiting room due to space constraints and security requirements, and escorts should not wait on the street outside our office.
- Due to security concerns only those items and documents relating to a person's application are permitted into our office premises. These may be placed in an unsealed, transparent plastic bag and brought into our office. The following are examples of items NOT PERMITTED inside our office: bags, briefcases, ladies handbags, mobile phones, pagers, tape recorders or players, calculators, cameras, torches, flashlights, radios, compact disc players, cassettes, digital wristwatches, electronic items, smoking items (including cigarettes, lighters, matches, and match boxes), food items (including baby food), sharp instruments, sealed bags, and sealed envelopes. The only SEALED items permitted inside our office are immigrant visa applicants' medical reports. These medical reports MUST REMAIN SEALED. Please note that our office does NOT provide facilities for the storage of those items not permitted inside our premises. However, VFS allows applicants to store their belongings at its nearby Mumbai service center during their interviews for a nominal fee. For more information call or e-mail VFS.
- During the interview, the consular officer takes the applicant's oath and fingerprints, reviews the documents, and advises the applicant of the decision reached. Applicants who are lacking documents or require additional processing are given a letter which explains the reason for the refusal and the action that needs to be taken in order for the visa to be issued. For those applicants who are issued visas, the visas are affixed inside each passport and the applicant is given a sealed envelope which should be hand-carried, UNOPENED, to the United States and submitted to the immigration inspector at the U.S. port-of-entry. Approved visas are delivered to applicants by courier.

No assurance can be given in advance that a visa will be issued. The consular officer can make that decision only after the visa application and documents are reviewed, and the applicant has been personally interviewed. Applicants are therefore advised not to make travel arrangements, not to dispose of property, and not to resign employment until the visa has been issued.

Additional Information

<u>Validity of a K-1 or K-2 visa</u>: A K-1 or K-2 visa is generally valid for a maximum period of six months from the date the visa is issued. K-2 visas are not valid beyond the applicant's 18th birthday. Applicants must travel and apply for admission to the United States within the validity of the visa, and K-1 applicants must marry the petitioner within 90 days of arriving in the United States. A visa may not be transferred from one person to another or used by any person other than the person to whom the visa was issued.

Immigration procedures at the port of entry: Applicants should be aware that a visa does not guarantee entry to the United States. The visa specifies the period during which the bearer may apply at a port of entry to enter the United States. It is the Department of Homeland Security's (DHS) Bureau of Customs and Border Protection (CBP) and not the consular officer who authorizes the traveler admission to the United States. Applicants whose medical reports classify them as Class A, Class B tubercular must present their x-rays to the officials at the port of entry and should therefore HAND CARRY the x-ray films to the United States.

<u>Children about to reach 21 years of age:</u> Generally, unmarried children of K-1 visa applicants who are under 18 years of age can be issued K-2 visas based on the visa petition filed for their parent. The child should be unmarried and under 18 years of age when his or her parent marries the petitioner.

<u>Abandoned Applications</u>: Section 203(g) of the Immigration and Nationality Act requires that an intending immigrant pursue his/her visa application within one year from the date that the visa becomes available. This is our notice to you that it is now possible for you to pursue your application for a visa. If you fail to do so within one year from the date of the attached letter, cancellation procedures will commence in regard to your application.

<u>Data corrections</u>: Please inform our office immediately of any change that may affect your visa application, such as, your change of address, your change of marital status, the death of the petitioner, birth or adoption of any children by you.

We encourage applicants to e-mail inquiries to our office. Please mention your BMB case number in any correspondence with our office regarding your visa case. Our e-mail address is mumbaiiv@state.gov.

Any false statement or concealment of a material fact could result in your permanent exclusion from the United States.
